MOOD:  somnambulistic

So we totally saved Christmas for the SDPD. Give 'em a month and some spackle for the office walls, and they'll probably be happy about it.

I need about fourteen uninterrupted hours of sleep.

Thank you

This is Patricia Andreoli, wife of Daphne Worth, who you all knew as Trollcatz. Daphne died

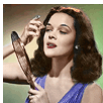

...And there goes the weekend

But hey, we got a day and a half of this one! And I got to sleep in for two whole mornings. Too bad

I called T. She promises to staple you to the sofa if you get up to do anything other than pee or grab a snack.

Just so you know.

How come your ambulance says ambulance left-to-right on the front, instead of in mirror writing?

I was always sitting under it looking out the windshield (or in the back). The stuff you never think about (unless you're C. Villette... *g*)

Reading upside down and backwards is probably neurologically related to whatever makes you defy gravity. The rest of us are just too attached to the concept of Down.

Law of gravity? I DISBELIEVE!

For other people, it's not just a good idea.

For you... Yeah, I think you get a pass.

Without *that.*

Yeah.

Me neither.

For a while there, that was about as much potential *that* as I'd ever seen anywhere. And it wasn't that big a space.

Wow, adrenaline. Wow.

Nobody died.

Wow.

Well, okay. Nobody who I would rather not have had die, died.

I think we cut that one a little fine, team.

I hope Dad is content with having come home with all the campers. 'Cause there was no way we were going to land that fish, and he has to know that. Doesn't he?

Would have had to see it coming.

Thank you
